

ISOCLIMA

Innovating Transparencies for Security Architecture

Advanced Glazing Solutions for Iconic
and Resilient Structures

The Company

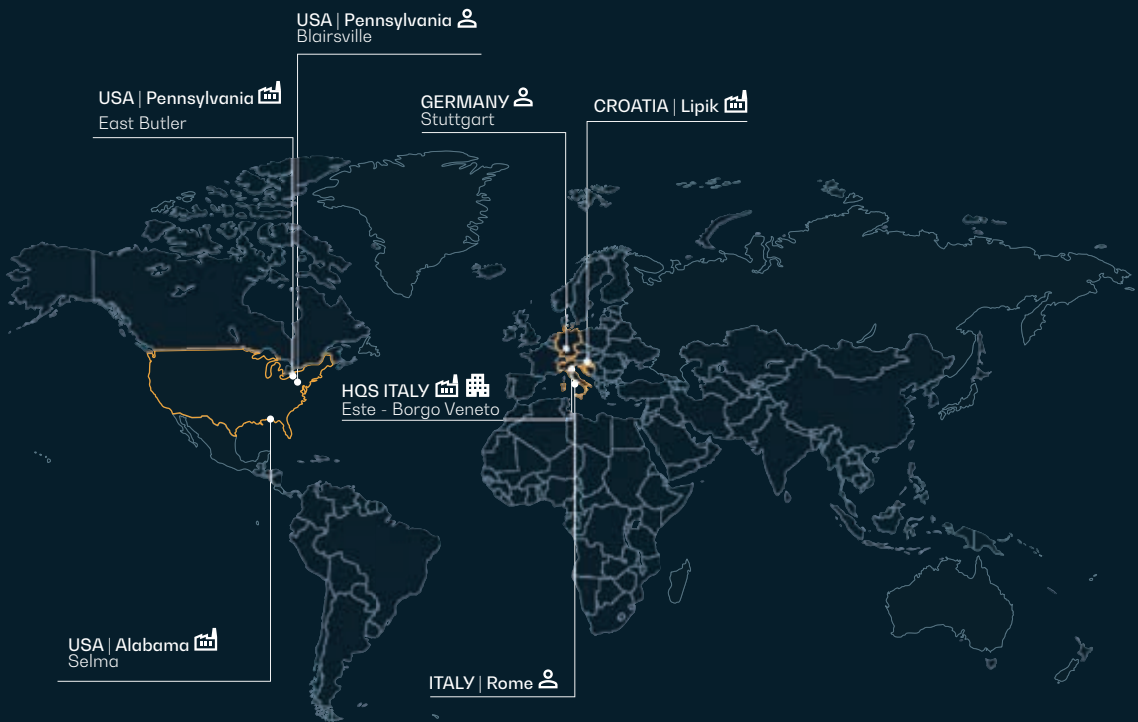

As the world leader in high-performance transparent solutions, Isoclima is at the forefront of technological innovation, delivering unparalleled quality, precision and protection. We specialize in crafting solutions that blend **complexity** and **customization** to meet the unique needs of our customers across Land, Air and Sea.

With a steadfast commitment to **security**, **safety** and **sustainability**, Isoclima sets new benchmarks in performance and craftsmanship. Through relentless investment in R&D, we drive transformative innovation, ensuring our solutions not only meet but exceed the demands of the most challenging applications.

Our Global Presence

Isoclima's global presence is a testament to its leadership in advanced transparent solutions. With manufacturing sites and offices worldwide, we create seamless synergy across our departments, ensuring collaboration and expertise are shared across all locations. This integrated approach allows us to deliver exceptional, **high-performance solutions**, maintaining the highest standards of quality, precision and innovation in every project.

A Legacy of Innovation and Quality

At Isoclima, **quality and innovation define our architectural solutions**. Our expertise in advanced glazing technologies allows us to develop **high-performance, energy-efficient and impact-resistant** solutions that meet the highest industry standards.

By integrating **solar control, optical clarity and structural durability**, we provide architects with the freedom to **create iconic, safe and sustainable spaces**. Our commitment to excellence ensures that every project benefits from precision **engineering and cutting-edge materials**, delivering both aesthetics and performance.

Advanced Capabilities

US Italian Embassy

Our decorative glass solutions marry artistic sophistication with engineering precision. With a vast selection of patterns, customizable colors and impeccable craftsmanship, we enable designers to create spaces that inspire, from skylights and railings to striking partitions and interior features.

Curved and Bent Glass for Seamless Elegance

Our curved and bent glass solutions redefine fluidity in design, delivering graceful, custom-engineered forms for staircases, balconies, revolving doors and walkways. These innovations balance form and function, ensuring the requested strength structure and beauty without compromise.

Advanced Security Glazing

Combining style with resilience, our security-enhanced glazing offers bullet- and blast-resistant and anti-intrusion solutions that protect without disrupting the aesthetic flow. These products provide unparalleled security and safety while meeting the unique demands of high-profile architectural projects.

— Palazzo del Quirinale, Rome

Innovative Products

— Smart Glass Technology

Our switchable smart glass integrates cutting-edge technology, offering dynamic control of privacy and light transmission. This solution combines practicality and innovation, creating spaces that adapt seamlessly to changing needs.

— Performance-Driven Laminates

Our advanced laminated glazing incorporates acoustic insulation, UV protection and impact resistance, enabling designs that balance elegance, functionality and durability.

— Bvlgari, New York

— The Embassy of Italy, Washington

— Bespoke Customization

Whether it's tinted glass, printed designs, or specialized spandrel applications, our customizable solutions empower architects to realize their boldest visions with effortless precision and sophistication.

— A Visionary Commitment

Isoclima is shaping the future of architectural design through solutions that blend sustainability, innovation and reliability. From low-emissivity coatings to lightweight materials that reduce environmental impact, our products reflect a purpose-driven commitment to crafting a better world. With every project, we provide 360-degree support to simplify complexities, anticipate challenges and deliver with exceptional care. At Isoclima, we don't just provide glass—we enable transformative designs that inspire and endure.

— Natixis Group, Paris

Our Commitment to Sustainability

Sustainability is at the heart of Isoclima's innovation.

We continuously develop eco-friendly solutions, from solar control glass that reduces energy consumption to lightweight materials that enhance fuel efficiency.

Our dedication to reducing environmental impact extends to every phase of product development.

Why Choose Isoclima?

At Isoclima, security, protection and innovation are at the core of everything we do. We combine **cutting-edge technology**, **aesthetics** and **customization** to meet the highest industry standards. From **Defense and Security** to **Sustainable Architecture** and **High-Performance Mobility**, our expertise spans multiple sectors, delivering tailored, future-ready solutions that anticipate evolving needs. With a relentless focus on **safety, performance and innovation**, we help shape a more secure and advanced world.
