CHILDGARD®

Elevating the safety of our children
while giving parents and teachers a
complete peace of mind.

Benefits:

- Tested to ASTM F1233 and the NEW ASTM F3561
- Meets safety glazing standards
- Installed following industry guidelines, no need for licensed installers
- Can be installed in industry-standard doors, framing, and window systems
- Can utilize high-performance Low-E and other energy-efficient products
- For retrofit or new construction
- Provides security while optimizing daylight

A Smart, Long-Term Security Investment

Built to last, CHILDGARD® provides durable, low-maintenance protection, ensuring schools and institutions have reliable security for years to come.
