DECOGARD™

Decorative security glazing
that brings together safety,
performance, and architectural
beauty—without compromise.

Benefits:

- Engineered to resist forced entry and everyday impact
- Available in a wide range of decorative finishes, patterns, and custom designs
- Maintains clarity, light transmission, and openness of a space
- Compatible with standard framing systems
- Suitable for interior and exterior applications
- Low-maintenance, long-lasting performance
- Supports both retrofit and new construction projects
